To Whom It May Concern

On behalf of RTS Companies Inc. I would like to express how pleased we were with the successful duty/ drawback recovery review and audit performed by HMT and in particular, Mr. Gerry Carver.

Your auditor consistently proved to us how highly competent and thorough his knowledge of the rules and regulations governing importing and exporting is.

RTS Companies would be pleased to recommend your services to any other firms interested in conducting a duty and drawbacks review.

Thank you for exceeding our expectations.
