Attention: Steve Harriman

Dear Steve,

On behalf of Carlsberg Canada Inc, I would like to take this opportunity to commend HMT Revenue Group on the recent success of the sales tax review service they provided to our company.

This was my second opportunity to work with Susan Hubers as I have worked with Sue on a previous engagement for a former employer. In both instances, Sue conducted herself with utmost professionalism while demonstrating exceptional knowledge of the subject matter. She conducted an extremely thorough and efficient "file by file" review. The process, as promised by the account executive, was non-disruptive to our staff and Sue's expertises made us feel very comfortable.

I would certainly recommend the services of HMT to any professional organization looking to see immediate savings and prevent future overpayments.

Sincerely,

Kurt A. Tietz, CA
