Attention: Ann Maciá  
Revenue Specialist

Dear Ann:

On behalf of PCI Geomatics, I would like to express how pleased we were once again with another successful sales tax review performed by HMT.

Your auditor has continued to show over the years how highly competent and thorough his work has been. The entire process, from initial contact with your courteous account executive, Ann Maciá, to the filing of various sales tax claims, was done with minimal involvement from my staff and me.

The Taxline which enables us to contact our HMT auditor with any future tax related questions, at no additional cost to us, is greatly appreciated.

We would be pleased to recommend HMT as a sales tax consulting firm to any other organization that could benefit from this type of service.

Yours truly,
