Attention: Heather Costigan  
Revenue Specialist

Dear Heather,

I would like to take this opportunity to thank HMT Revenue Group for assisting us with the preparation of our SR&ED claims.

HMT provided us with in depth knowledge and education which allowed us to understand what portions of our business are eligible for the SR&ED program. Your specialist and Heather were extremely friendly and professional. HMT provided us with a diligent and excellent follow up service through this entire process and were always accessible should we have any questions. They developed and implemented a structured process allowing us to continually document R&D projects in "real time" for yearly submissions. This service allowed us to focus on the day to day operations of our business, with minimal disruption to our staff.

We are looking forward to continuing our relationship with HMT and would not hesitate to recommend this service to anyone wishing to file a successful SR&ED claim.

Yours Sincerely,

Sasha Jacob  
Northern Productions Inc.
